GO CLASSIC WITH THE AS-2

Alpha brings you yet another exciting new addition to its line of acclaimed and highly popular water heaters. Introducing the Alpha AS-2 series, the newest, ultra-slim line of instant shower heaters. The minimalist design is inspired by a sense of timeless elegance and style. It is also born out of an international design sensibility that is meant to reflect your own refined tastes in modern interior décor and architecture. This attitude is further accentuated by two colors, metal black or misty silver, and captures that unmistakable feeling of premium quality.

Beyond its design, you will find an amazing level of performance that Alpha has become renowned for making every shower a blissful, rejuvenating experience.

Features

Flow Switch System

The heater only operates when there is sufficient water flow.

Earth Leakage Sensing Device (ELSD)

Cuts off power supply if there is risk of current leakage.

Protection Against Water (IP25)

Ensures water never seep into the heater.

Electrical Temperature Control

Keeps the heat level automatically regulated.

DC Brushless Pump

Dramatically reduces noise level, and is maintenance-free.

Energy Saving DC Pump

Means you get higher water pressure but lower electricity bills.

AC Booster Pump

Increases the water flow up to 400% to give you a strong jet of water every time.

Pump Activator

Ensures your heater start up effortlessly if water pressure too low.

Thermal Cut-out

Prevents the water from being overheated by cutting off the power supply to the heater at controlled points. Prevent scalding.

RAIN SHOWER

Showers will never be the same again. Experience the luxurious sensation of bathing under falling rain with extra-large 6-inch overhead showerhead. The invigorating cascade of water will gently caress you and stimulate your reawakening in the mornings, or deliver a comforting massage to help you relax after a hard day's work. This optional accessory from Alpha provides a perfect blend of well-being and rejuvenation, making every shower a treat.
